### ECONOMY IN COAL

Reduced Lump Coal stands for economy in coal value. All lump coals have a large percentage of dust which are practically waste. The dust in FUCHOW's lump burns into lamps as good as they are coal into fuel. Fuchow's lump coal burns unusually and is therefore a decided economy.

LATEST CONSTANTINOPLE NEWS.

ANGORA DETERMINED.

LONDON, November 8

Contrary to reassuring reports in London to the effect that Ra'et Pasha yesterday expressed readiness to cancel the projected military and economic measures in consequence of the Allied generals' objections, to night's Constantinople news reports that a telegram from the Angora Government reiterates the demand for allied evacuation of Constantinople and removal of the Allied warships.

The demand declares the presence of troops and warships is incompatible with Kamalist administration of Constantinople.

MARTIAL LAW COMING.

CONSTANTINOPLE, November 8.

The telegram from the Angora Government was in reply to the last Allied note.

PARIS, November 8.

Allied proclamation of martial law in Constantinople can be expected shortly.

AMERICAN ELECTIONS.

DEMOCRATIC TIDE STILL RISING.

REPUBLICAN MAJORITY THREATENED.

NEW YORK, November 8.

Election returns up to the present show that the Republican majority of 24 in the Senate has been reduced to 15. There are indications of further reductions.

NEW YORK, November 8.

The Democratic tide of the Congressional elections continues to rise throughout the country and President Harding's great Republican majority is threatened with extinction. Some of the most prominent figures in the Republican administration have been defeated.

PRESIDENT'S FRIEND DEFEATED.

Senator Lodge, of Massachusetts, has apparently been elected, but he ran far behind the Republican ticket. Senator Frelinghuysen, of New Jersey, an intimate friend of the President has been beaten by the Democrat Edwards who openly espoused the "wet" cause. Beveridge, of Indiana, who is regarded as a possible Republican candidate for the Presidency in 1924, is still behind his democrat opponent for election to the Senate. Senator Reed, of Missouri, has again been elected to the Senate. The Socialist Victor Berger, of Wisconsin, has been elected to the House of Representatives, thus making up for the defeat of Meyer, London, the only Socialist member. The Republican, Miss Alice Robertson is the only woman Congress member defeated by a man. Mrs. Winifred Huck, of Illinois, has been elected to fill her father's unexpired term in the House of Representatives. She will only sit till March.

LATEST RETURNS.

NEW YORK, November 8.

The latest returns are 178 for the Democrats and 171 for the Republicans. One Socialist has been elected. All the gains continue to go to the Democrats and all the losses to the Republicans. Twenty states up to the present have completed voting.

NEW YORK, November 8.

The New York Times, in a leader, attributes the Democratic successes in the elections chiefly to opposition to the new tariff.

A Democratic organ, the World, asserts that Calder, the defeated Republican candidate for New York, invited a referendum on the tariff and adds: "He got his referendum."

"WET" VOTES.

NEW YORK, November 8.

A referendum has been taken in Illinois showing heavy majorities in favour of legislation of the manufacture and sale of beer and light wines, the vote running three to one for modification of the Prohibition Act. A similar amendment was also leading in Ohio. Mr. Volstead (Minnesota), father of the Prohibition Act, has apparently been defeated in the Congressional election. This opponent however stood for an even drier platform than did Volstead.

DEMOCRATS' NEW STRENGTH.

WASHINGTON, November 8.

The House of Representatives elected members at present number 192 Republicans, 191 Democrats, one Socialist and one Independent.

ALLEGED HIGH TREASON.

RUSSIAN STUDENTS ARRESTED.

WARSAW, November 8.

A message from Moscow states that 1,200 students at military schools at Moscow, Petrograd, Toulon, Kiev, Tver, Kazan, Orenburg, etc., have been arrested on charges of high treason and will be court-martialed. A number of officers have also been arrested on charges

AMATEUR DIPLOMACY.

CURZON CRITICIZES LLOYD GEORGE.

KEMALISTS' INTOLERABLE PRETENSIONS.

LONDON, November 8.

Lord Curzon speaking at a meeting in the Cannon Street Hotel, said Mr. Lloyd George's record would be inscribed in lasting letters but some of his actions had not been helpful to the Foreign Office, notably his manifesto on September 15 appealing to the Dominions which had been issued without the knowledge of himself (Lord Curzon) or the Cabinet. The expert work of the Foreign Office should be performed by the trained staff subject to Cabinet control without interference from amateurs, however brilliant.

"Our foreign policy is now the Empire's, not merely Britain's. Cooperation with the Allies is necessary on questions of reparations and the Near East. An Anglo-French entente is more valuable than any written pact."

CHALLENGE TO EUROPE.

Lord Curzon still hoped for settlement of the reparations question by agreement. Settlement by force would be impracticable.

The pretensions of the Kemalists were intolerable. They were an affront to the Allies and a challenge to Europe. He trusted the unity of the Allied authorities at Constantinople, whose request to establish a state of siege had been endorsed by the British and French Governments last night would be maintained. Britain was prepared to contribute to the maintenance of unity, but if that unity were broken owing to the action of our own we were not able to support the burden alone. Therefore he appealed to the Allies to maintain the policy of common action and strengthen the hands of the Government in defending the honour of the flag and the peace of Europe. The Turks must learn there is a limit to concessions and that the strength of Britain and the might of Europe are the rock on which they had themselves in vain.

EXCHANGES DEMORALISED.

FRESH LOW RECORDS.

POLITICAL TROUBLES BLAMED.

LONDON, November 8.

There is acute demoralisation in the foreign exchange market. Fresh low records are attributed to unsatisfactory news regarding stabilisation discussions at Berlin and further substantial increase in German paper money together with developments at Constantinople.

French francs were 73.50 and Belgium currency 78.90. German marks were 43,000, all sellers.

There is much weakness in the French franc due to apprehensions with regard to the precise effect of any prolonged German default in the matter of reparations payments.

CROSS RATE IMPROVES.

LONDON, November 8.

The final rate for German marks was 47,000. French francs were 72.20 and Belgium 79.70.

On the other hand New York on London improved to 4.46.

DUBLIN BATTLE.

REBELS ATTACK BARBACKS.

TWO-HOUR FIGHT.

LONDON, November 8.

One Free State soldier was killed, twenty were wounded, several irregulars were wounded, six were captured, a civilian was killed and a little girl was wounded in a 2-hour battle at Dublin following the irregulars' attack on Wellington Barracks which were occupied by Free State troops.

While the Free State men were parading in the barracks square, the irregulars poured in machine gun and rifle fire from the house-tops on the canal bank, mowing down many troops. The others took cover and replied to the fire. Free State reinforcements rushed up from Portobello barracks and surrounded the district. The inhabitants were panic-stricken.

DUTCH COTTON WAGES.

COMING REDUCTION.

LONDON, November 8.

The Dutch Association of Master Cotton Spinners has decided to reduce the wages of textile workers by ten per cent. from December 1.

**COCAINE PLAGUE.**

**HORRORS OF THE HABIT.**

Practical suggestions for dealing

with the cocaine plague were made

by Dr. Philip W. Lamb, 62,

East India Dock-road, a specialist

in this treatment, and a student of

tropical life, in a statement to a

reporter. "Many persons suffering

from this habit have passed

through the hands of many doctors

but have not had any real success,"

said Dr. Lamb, "but the

habit is a doubly still, very pre-  
valent and everything should be done

to put an end to it."

Cocaine-taking is quite different

from the morphine habit. The latter

is generally the outcome of effort to

prevent pain from arising after some

serious operation. The cocaine habit

is sympathetically different. The people

who take it are usually young girls

who have no idea of the serious con-  
sequences and are not told what the

result will be.

Judging by the cocaine takers

who have come under my notice a

large proportion are, bordering on

feeble-mindedness, though, occasion-  
ally, you find one who is really

clever and intelligent. Those who

are mentally not too steady

are never anxious to help themselves,

however anxious you may help help

them. By the time they realize the

horrors of the habit they are done up

and very little can be done for them

"It is a horrible habit. If the

cocaine-takers are suddenly deprived

they have a terrible time without it

in my own practice I have found it

necessary to treat them by allowing

small, and smaller, doses. With

a "cure" as with morphine only do

appointment results for patients and

doctor if a quick cure is attempted.

It is a matter of great patience, over

many months

NEED FOR CLINICS.

"To eradicate the habit in London

there should be special clinics in

which patients could be treated. So

far as I know there is no such thing.

The hospitals have a ward for

cocaine-takers, and if they had I do

not think they would want them,

because they have a fear of the hos-  
pital and a fear of a stigma.

"Yes, if you do not treat the

people the habit will spread. It is

as you say, a plague. It grows by

contagion.

These girls, ignorant and often

foolhardy, take it because other

girls tell them to do so. Ravin-

ment and example are the chief

reasons for the spread of the

habit, with the cocaine habit there

is a great profit in the sale

of the drug, and there are always

people trying to get it for that

reason. No punishment could be too

severe for the seller.

"As a doctor I have witnessed

vicious gang, by my lot, and

sympathy. At first, they come to

me for a cure, asking to be cured

of their habit. I know, then,

signs so well that I detect cocaine

very soon and then I hear the whole

story. As undoubtedly, symptoms

which should be taken as signs, each

man should be sent to a specialist

centres where cure can be effected.

## COMPANY MEETING.

CHINA LIGHT AND POWER CO.  
(1918) LTD.

## INCREASE OF CAPITAL.

The fourth ordinary general meeting of the China Light and Power Company (1918) Ltd. was held this morning. Mr. R. G. Shawan presided and there were present: Dr. J. W. Noble (Director), Mr. Poon I Cho (Secretary), and the following shareholders: Messrs. E. M. Ellis, A. S. Ellis, A. A. Cordeiro, J. Coppin, A. A. Botelho, J. M. Alves, S. F. Chubb and W. J. Hawker.

Before the ordinary business of the meeting was begun the Chairman said he felt he must apologise to shareholders for the appearance of the notice concerning the Company in the morning's newspapers. It was not intended, he said, that the notice should appear until the reasons for it had been laid before the shareholders and received approval. Owing, however, to a misunderstanding about the dates, the notice had appeared rather prematurely and he could only express the directors' regret that this had occurred.

Proceeding, the Chairman said: Gentlemen,—We lay before you a Statement of Accounts for the twelve months ended 30th September, 1922 which, unless any shareholder objects, we will dispense with reading, as it has been in your hands for some days already.

Our income for the years has increased from \$220,830.97 to \$266,667.92, an appreciable improvement, and we propose to deal with the balance at credit of Profit and Loss Account, \$132,605.68, by writing \$25,000 off Goodwill Account (bringing it down to \$25,000), placing \$7,605.68 to credit of Bad and Doubtful Debts Account, and paying a Dividend of 50 cents per share on 200,000 shares amounting \$100,000.

Our business, I am glad to say, continues to make steady progress and the number of units sold was 5,341,830 against 4,464,290 last year, an increase of 20 per cent.

As to the future we think there need be little doubt about that; the population of Kowloon is increasing rapidly as you know, and large building operations are going on, from which this Company must benefit.

Now with regard to the Accounts and our financial position, I said last year that some adjustments would have to be made in book values owing to the exchange of the old site and station for a new site etc. This has been done and the amended figures are now before you and represent only the new property belonging to the Company; the values of the old site and station have disappeared altogether. The new site has been valued by Mr. Mowbray Northcote at the conservative figure of \$2 per sq. foot, and the gain of \$92,699.83 in the book value has been used in depreciating the values of buildings and fixtures and Overhead Mains, as these items suffer more severely from wear and tear than the others.

Goodwill will soon be at a nominal amount and the other figures shown in the Balance Sheet will represent a brand new light and Power station much below what it would cost today to install at the present prices of building and labour.

As you will see, we are heavily in debt, Delinquents and Overdrafts totalling about \$750,000 which will be increased to \$850,000 on payment of the Dividend. This is too large a debt for a Company with a Capital of only one million dollars. We therefore propose to obtain further Capital by the issue to shareholders of 100,000 new shares at \$5, at a premium of \$5 per share, or \$10 in all, which we propose to call up as follows:—

\$2.50 per share payable on 4th January 1923.  
\$2.50 per share payable on 5th April 1923.  
\$2.50 per share payable on 5th July 1923.  
\$2.50 per share payable on 27th September 1923.

I now propose that the Report and Accounts as presented be adopted and passed and the profit for the year be distributed as proposed. When that has been seconded I shall be pleased to answer any questions from shareholders.

Dr. Noble seconded the resolution and it was carried unanimously. The retiring directors, the Hon. Sir O. P. Chater O.M.G. and Messrs. H. P. White, and A. H. Compton were re-elected and the appointment as Director of Dr. J. W. Noble was confirmed, on the motion of Mr. A. A. Gato seconded by Mr. F. M. Ellis.

Messrs. Linstead and Davis and Messrs. Lowe, Bingham and Matthews were re-elected auditors, on the motion of Mr. A. A. Botelho seconded by Mr. A. A. Cordeiro.

## SHANGHAI STRIKES.

TOBACCO WORKERS' SECURE DEMANDS.

SHANGHAI, November 9.

Five thousand employees of the Nanyang Brothers Tobacco Company yesterday afternoon joined the Pootung strikers.—*Reuter.*

SHANGHAI, November 9.

The Nanyang Brothers' strikers resumed after the company had conceded most of the extensive demands put forward.

## MARTIAL LAW ORDER.

General Ho Ying-chin has issued warrants for the arrest of two Pootung strike leaders. He has also issued a proclamation that the strikers are subject to martial law. All meetings will be dispersed by the police. It is expected the B.A.T. strike will soon be settled. The Japan China Cotton Mill strikers have not yet made overtures to the management regarding a settlement.—*Reuter.*

## SHANTUNG CHANGES.

VALUATION OF PUBLIC PROPERTY.

PEKING, November 9.

When the Sino-Japanese Commission sat this morning, the Chinese sub-committee on public properties presented a table of valuations of properties under the control of the Tsing Tan military authorities to which the Japanese promised to reply later.

The Chinese brought up a proposal for procedure of withdrawal of Japanese troops from Tsing Tan and stationing Chinese police there. The Japanese postponed their reply.

The Japanese proposed to discuss the land question as it had been brought up at the tenth meeting. The Chinese expressed readiness when they received the report of the sub-committee of public properties thereon.—*Reuter.*

## PHILIPPINE BANKING.

LEGISLATION AGAINST FOREIGN CONCERNS.

MANILA, Nov. 9.

A bill has been introduced into the Senate prohibiting foreign banking corporations from accepting money or securities either as time or check deposits.

The enactment of this bill into law would force banks to incorporate under Philippine laws and become merely exchange banks or retire from the Philippines.

Foreign banks are not subject to the internal revenue laws which the bill's sponsors claim gives them an advantage over local banks.—*Reuter.*

## PEKING POLITICS.

PEKING, Nov. 9.

The House of Representatives has adopted a resolution calling on the President to submit to Parliament immediately the nominations of his Cabinet.—*Reuter.*

## ARMS FIND.

ARRESTED AUSTRALIAN AGAIN REMANDED.

Owen James Smyth and William Pitts, who were arrested in connection with the discovery of a large quantity of arms and ammunition at the King Edward and Palace Hotels, were again before Mr. E. W. Hamilton this morning.

The Magistrate said that the First Magistrate, Mr. J. R. Wood, had definitely decided to hear the case himself. He therefore gave a formal remand until next Thursday.

Bail in the sum of \$3,000 for Pitts and \$1,000 for Smyth was extended. In connection with the same case, the two Chinese and the "mysterious" white man with a Chinese name, were also remanded until next Thursday. Their bail in the sum of \$1,000 each was extended.

Recently, three steamers left Bangkok for Swatow, the "Bintang," the "Doular" and the "Kiangsu." Each steamer had a good number of Chinese deck passengers. The "Bintang" over 600, the "Kiangsu" over 300 and the "Doular" roughly 100. As the outcome of competition, says the *Siam Observer*, the fares have been reduced, and a deck-passenger can now travel from Bangkok to Swatow for Ten, 7.50 instead of Ten, 15. One of the results doubtless will be the departure of many Chinese for their own country, and it will be interesting to see if this eventually has any effect on the Chinese population in Siam.

Beware of bogus imitations. No Tansan is genuine unless the label bears the name of J. OLIFFORD, WILKINSON.

Unrivalled as a drink. Mixes well with Wines, Spirits or Milk.

Tansan raises the spirits and excites sanguine anticipation even as a flagon of wine exhilarated the monks of old.

For the good old fruit of order's grey Would have waived the flag of wine away And consoled himself as many men can With bubbling, sparkling, cool Tansan.

## AMERICAN ELECTIONS.

New York, November 7th.  
Mr. Miller, Republican Governor of New York, admits defeat by the Democratic Candidate, Mr. Smith. According to early reports from Chicago, the Democrats are leading the Republicans by 2 to 1 in districts at present held by the Republicans.

New York, November 8th.  
Mr. Copeland (Democrat) has been elected Senator for New York State, defeating Mr. Calder (Republican).  
Up to the present the Republicans have not gained a single seat at the expense of the Democrats in the House of Representatives, whilst the Democrats have won twenty-eight, but they must gain nearly eighty in order to upset the republican control.

The Senate returns show one Democrat gain, which is offset by the notable defeat of Senator Hittchcock in Nebraska.  
New York, November 7th.  
All the women candidates in the various constituencies were defeated. Mr. Smith's majority of over 400,000 in New York is the most spectacular feature of the elections up to the present.

## RUBBER.

LONDON, November 8th.  
At the annual meeting of the Rubber Shareholders Association the Chairman (Mr. Zorn) welcomed the restricted measures to guarantee the stabilization of price, but declared that the real goal was to increase consumption concerning which the association was planning extensive propaganda. He advocated that efforts should be made to induce the colonial governments to hand over a proportion of the export duty for research propaganda and the development of the industry generally.

LONDON, November 7th.  
At the meeting of the Rubber Shareholders' Association, Mr. Zorn pointed out that a big demand for latex is likely, not only in connection with the new process for paper making, but also in various other directions.

The chemist, inventor and manufacturer are now experimenting with a view to the commercial application of rubber latex. Some of these experiments promised to be as important as the new paper making process.

## MORMON MARRIAGES.

STORIES FROM UTAH.

First-hand knowledge of Mormonism as practiced in Salt Lake City was given to a large audience of women at Cardiff by Mrs. Loveland Shepard who had lived in the Mormon metropolis for twenty years.

She has attended many meetings of the sect, and has had the secret workings of it explained to her by a member.

"The Mormon Church never plays square in anything," she said. "I never speak but I have Mormon spies present. The Mormon Church was only 92 years old, yet it had grown tremendously because it did everything underhand. Every year 5,000 young Mormon missionaries went out into the world to teach their doctrines, and as a result of their success they were allowed to come back, become high priests and take unto themselves 10 wives."

"At present there were no fewer than 90,000 high priests! The Mormon missionaries abroad always appealed to the women when the men were out, and especially to girls. They wanted young girls who could bear children for the Mormon Church. Within the last 20 years they have taken 20,000 girl converts to Mormonism."

"An English girl would be out of a position here. The Mormons would pay her fare to America, find her a position, and then take from her pay every dollar they spent on her, and she found herself in slavery."

"There were several ways of marriage according to the Mormon doctrine. If a man married a virgin he married her for life and eternity, for in the spirit world they went on together just the same, bearing spirit children as in this life."

"If a man married a widow he only married her for this life, and at death she went back to her first husband, and all her children were his to people his planet, for after death Mormon men lived each on a planet with their wives."

"If a man wanted to keep a widow for himself at death he could get a divorce for her from her dead husband for 10 dollars. Then, again, there could be a marriage of eternity. A little girl dying would be married to a man and their spirits would live together."

"Mormon marriages were revolting affairs in which both bride and bridegroom had to be bathed, their bodies anointed, and then clothed in secret garments which had always to be worn next their skin. They had to swear to believe in polygamy."

**CHINA'S LITTLE WAR.**

POSITION MORE COMPLEX  
THAN EVER.

(From Our Own Correspondent)

CANTON, November 9.  
Ex-Tuohun Li How's cause has  
wakened considerably in Fukien.  
His a heretofore Koo Chuen ching  
has dominated Amoy since the beginning  
of the trouble, but on Tuesday night  
some of his troops surrendered their  
rifles to C.ang Tee ping after a one-  
sided fight. It is heard from an  
authentic source that there are over  
two hundred wounded in the hospitals  
in Amoy as a result of the skirmishes  
in the vicinity during the last fort-  
night. Originally, Chung, although  
not declaring his side one way or the  
other, made no move against Koo. The  
split has caused a panic in Amoy  
and business is entirely suspended.  
Taking advantage of the division in  
Amoy, Wong Tai-wai, who is leading  
the vanguard of the Northern Ex-  
pedition now advancing on Kwang-  
tung, attacked the remnants of Li's  
army at Ching Chow. The fight  
lasted several hours and the Cantonese  
proved victorious, claiming to have  
taken two thousand rifles and a  
large quantity of stores, though  
this is probably exaggerated.  
An American gentleman who was  
present, some of the fighting  
around Amoy states that the  
Kwangtung troops, though badly  
equipped, displayed great tenacity  
and stubbornness. On the other hand,  
the Fukien troops seem very reluctant  
to give battle. Isolated cases have  
been reported of determination to  
resist but attempts to fraternize  
seem to be the rule rather than the  
exception.

Chang is claiming the Tuohunship  
of Fukien. His fight with Koo renders  
the situation more complex than ever.  
Whom he will ultimately side with is  
difficult to ascertain, but his present  
attitude will only prolong the fighting.  
An unconfirmed report has reached  
Canton to the effect that General Li  
returned to Fukien making a quiet  
landing in Amoy. This was followed  
by a later report to the effect that  
both Li and his lieutenant, Koo, had  
boarded a Japanese ship bound for  
the North.

"Little Han," otherwise Hsu Shu-  
chuan, called a meeting of the  
influential members of the Fukien  
community on the 6th and ad-  
vised them to support Lin Sun as  
Civil Governor and Wong Wing-chuen  
as Commander in Chief, both of them  
being capable men and natives of the  
Province. He subsequently explained  
that his presence in Fukien might  
give a false interpretation to  
the present movement  
which was purely provincial.  
To prevent misunderstanding he  
would return to Anhui. Hsu then  
boarded a Japanese steamer. He  
arrived in Shanghai on the 6th and  
immediately proceeded to Anhui.

General Chen Ching-ming's ex-  
pedition against the pro-Sun forces in  
Fukien is still being pushed forward.  
It is expected that the expedition  
will be divided into three groups  
who are to enter Fukien simultane-  
ously. Chung King tong had been  
ordered to attack Fung Shi, via Tai  
Po, with Sheng Hong as the final  
objective. Wong Fung-tan is to  
branch off from Chung at Tai Po  
and his objective is Wing Ding. The  
main force of the expedition under  
Wun Key is making for Shiu On  
where, it is taken, will form a "jump-  
ing-off point" for action on a larger  
scale. The opposing sides are near  
Sheng Hong where patrol skirmishes  
have already been reported.

Mr. Somerset Maugham, novelist  
and playwright, has arrived at  
Bangkok from Ceylon with the inten-  
tion of making a prolonged tour in  
the Shan States, crossing the Salween  
and eventually making his way via  
Chiangmai to Bangkok. Mr.  
Maugham, last year, visited the  
Malay States and Java. With him  
is the Calcutta Englishman, Mr.  
Huntor, a young American, who  
served in the United States Navy during  
the war and accompanied Mr. Maugham  
on his previous tour. They visit  
Maymya, Mandalay, and Pagan be-  
fore starting on their regular tour,  
which will take quite sixty days from  
Taunggyi.

**EDUCATION GRIEVANCE.**

QUARRY BAY PARENTS MEET.

CENTRAL SCHOOL NEEDED.

A meeting of parents was held at  
Taikoo last night to discuss the re-  
marks made by Mr. N. Teesdale  
Mackintosh, Registrar of the  
University, at Monday's Education  
Board meeting, regarding Victoria  
British School.

The opinion was expressed that Mr.  
Mackintosh's remarks "undoubtedly  
bore some resemblance" to a slur upon  
Taikoo parents and children and  
general feeling declared Mr. Mac-  
kintosh ought to make his meaning  
more explicit.

One speaker said that Quarry Bay  
residents felt aggrieved because the  
Victoria British School administration  
for several years past had been un-  
stable and inefficient. They felt that  
the personnel had been too many  
changes, likewise the teaching  
methods. The latter meant the  
frequent purchase of new books.  
These had often been discarded after  
being used for a very short time, and  
in some cases were never used at all.

Quarry Bay parents realized, he  
continued, that children of varying  
ages and at intervals could not be  
catered for at the very door, but  
they felt it was easily practicable to  
have a central school, with in reason-  
able distance, able to give boys and girls  
education equal to the standard in  
Home secondary schools. This school  
would, they believed, command the  
respect and support of most British  
residents and prove a great boon to  
local education.

A PARENT'S VIEWS.

(To the Editor of the China Mail.)

Sir,—As a parent I am interested  
in education and I dare say I could  
answer the following three questions  
which a parent has placed before the  
Director of Education—

(1) Why are the teachers of Victoria  
School being continually  
changed, there having been at least  
five Principals during the last two  
and a half years?

(2) Is it the case that a number of  
children have, within recent years  
left the V.B.S. and are now attend-  
ing the French Convent?

(3) Why do many British parents  
send their children to Diocesan and  
Convent schools, in preference to  
Victoria and Kowloon British?

Doubtless, though, the Director of  
Education will give some answer  
satisfactory from his viewpoint, but  
what of the parents here? Have they  
no voice in the matter? I am afraid  
not. They are victims of circum-  
stances. Never mind, though, they  
have means of reaching the  
Home-Parliament and having ques-  
tions asked there, if necessary.

No doubt the Director of Education  
will place before the Board figures  
showing the Victoria British School  
does not pay, and perhaps has not  
paid its way for years. I have heard  
that excuse advanced. What  
rot! Whoever heard of schools being  
considered upon the same basis as a  
drapery store? To my mind, British  
education is a national asset and  
should be considered purely on that  
basis.

I know of some children of tender  
years who have to be up almost with  
the lark in the morning, get breakfast  
and catch a launch at 8 o'clock. They  
travel from Quarry Bay to school at  
Kowloon and are away all day, re-  
turning back by launch about 4.30  
p.m. having had nothing but a  
few sandwiches since the early morn-  
ing—simply because the Director of  
Education cannot see his way clear to  
have a teacher at the V.B.S. capable  
of taking them. The health of these  
children runs a grave risk of being  
undermined as they have no chance  
to get proper and regular meals at  
home. I consider this a crying  
shame and a disgrace to any govern-  
ment knowingly tolerating it.

**INTERPORT GOLF.**

YESTERDAY'S BIG MATCH.

EASY WIN FOR HONGKONG.

The interport golf match between  
teams representing Manila and Hong-  
kong was played at Fanning yester-  
day, in the presence of a large gather-  
ing of interested spectators, who  
followed the players around the  
course. The match resulted in an  
easy win for the home team by 11  
points to nil, but it was by no means  
a one-sided affair. All the games  
were keenly contested, and the fact  
that the Manila men were playing on  
a strange course, contributed to their  
defeat. Their golf was  
exceedingly good, and had  
the match been played on neutral  
ground, the result might well have  
been reversed.

Although they had had only three  
days for practice, the Manila men  
played steady golf in the morning,  
and adapted themselves surprisingly  
well to the peculiarities of the course.  
In the afternoon, however, they failed  
to sustain their excellent form, and  
several players became somewhat  
erratic in their driving and weak on  
the greens. With the Hongkong men  
playing steadily, their fate was sealed.

B. D. Crawford Morgan was Hong-  
kong's "star" performer. He beat  
his opponent, Mr. Neil, by four up  
and three to play, finishing the course  
with an approximate score of 77,  
which is two under-bogey. All the  
other players were in the eighties.

The Hongkong men greatly im-  
proved their form in the afternoon,  
and Backland and Stewart  
went round in approximately  
76. T. W. Hill, the Captain of the  
team, played his best game in  
partnership with Crawford Morgan.  
He scarcely made a mistake and was  
brilliant at times. E. J. R. Mitchell  
was also above his usual form and  
went round in 77.

**INTERPORT SPORTSMEN.**

GOLF CLUB DINNER.

FRAIR FOR FANING.

The interport sportsmen who are  
visiting Hongkong—the golfers from  
Manila and the cricketers from Shang-  
hai—were the guests of the Royal  
Hongkong Golf Club at a dinner held  
in the Hongkong Hotel last night. Mr.  
T. W. Hill, the Captain of the home  
golf team presided, and had on his  
right and left respectively Mr. John  
Grieve, of the Manila team, and Mr.  
G. M. Billings, the Shanghai Captain.

After the visitors had been played  
in by Mr. J. B. Ross on the  
bagpipes, the company sat  
down to an excellent dinner.

When the loyal toast had been  
honoured, the Chairman said it was  
his privilege to propose the health of  
the first team of Manila golfers to  
visit the Colony. If all teams from  
Manila were composed of as fine  
sportsmen as the present one, Hong-  
kong would welcome them as often  
as they could come (applause). They  
were very pleased, also, to welcome  
a team composed of half-and-half of  
British and American players, and if  
the relationship that appeared to  
exist between them subsisted between  
members of the two nations generally,  
he was sure there was nothing  
wrong with British and Ameri-  
can relationships, and never would  
be (applause). "Now we know  
each other," said Mr. Hill.

"I hope this will become an  
annual event, if not a biennial  
one." The Chairman added that Mr.  
R. J. Harrison the President of the  
Manila Golf Club, who was passing  
through Hongkong recently men-  
tioned that there was a possibility of  
a Yokohama team visiting Manila in  
February. He (the Chairman) said a  
Shanghai team was visiting Hongkong  
at that time and Mr. Harrison pro-  
posed that Hongkong should take the  
Shanghai team down to Manila and  
make a Four Port game (applause).

Perhaps Mr. Grieve would discuss the  
matter with the Shanghai Club when  
he was up there. It was certainly a  
very attractive invitation (applause).  
The Chairman proposed the health of  
the Manila Golf team, coupled with  
the name of Mr. John Grieve, the  
captain.

After the toast had been honoured  
with enthusiasm, Mr. Hill proposed the  
health of the Shanghai cricket team.  
This also was drunk with musical  
honours.

Responding on behalf of the Manila  
golfers Mr. John Grieve congratulated  
Hongkong on the beautiful course  
at Fanning. Some of the Manila  
players would, he opined, feel rather  
disappointed with their own course  
when they got back to Manila and  
would want to bring it up to the  
standard of excellence of the course at  
Fanning. The members of his team  
had enjoyed themselves thoroughly,  
"like lords" and everything had been  
done for their comfort in every way.

He hoped that if the Four Port meet-  
ing was arranged they might be able  
to return some of the generous hos-  
pitality shown them in Hongkong.

At Mr. Grieve's invitation the  
Manila team enthusiastically toasted  
their hosts and then two other Manila  
golfers Mr. E. J. Neil and Mr. A. D.  
Gibbs made brief speeches. Mr. Gibbs  
declared that the "Royal" club had  
given them a "royal" time. He ex-  
pressed the opinion that there was no  
other golf course in the Orient on a  
par with Fanning, with the possible  
exception of the one at Baguio. He  
hoped that some day the Manila club  
would have the pleasure of entertain-  
ing the most numerous contingent of  
Hongkong golfers that could be  
gathered together in Manila. "The  
more who come" concluded Mr.  
Gibbs, "the merrier."

Mr. Billings thanked the gather-  
ing for the manner in which  
the Shanghai team had been treated  
and the Golf Club for inviting them  
to the dinner. "I do not know,"  
said Mr. Billings amidst laughter,  
"whether any of the Shanghai team  
are golfers. Personally, I don't  
really play golf. I go round, and I  
hope when I get a little older to  
take the game up." "Gripes of  
"shame!" Mr. Billings claimed that  
at any rate he had considerably  
enriched the game of golf be-  
cause he had bought several  
balls and three sets of clubs  
and his friends had borrowed  
them all, assuring him that they  
were much safer with them than  
with him (laughter). Mr. Billings  
remarked that the present assembly  
was one of sportsmen from places  
1800 miles apart, met together in a  
common centre of sport—Hongkong.  
He asked the Shanghai men to drink  
the health of the Hongkong Golf Club.

During the evening, with Mr. F. H.  
Farthing at the piano, a very  
pleasant function was rounded off  
with song and story, besides an oc-  
casional recrudescence of the bagpipes.

## WIRELESS FOR THE DEAF.

MEDICAL EXHIBITION  
WONDERS.

The number of nerve tonics and patent foods to be seen at the Medical Exhibition which opened for a week in the Central Hall, Westminster, S.W., is symptomatic of the pressure of the age in which we live.

Preparations in which quinine and hypophosphites figure are legion, there is a tasteless variety of cod liver oil guaranteed not to offend the most fastidious stomach and for those people whose digestions are so sensitive even for papa chemists have prepared a compound which they claim will reproduce all the essentials required.

Doctors from all parts of the country will visit the exhibition to acquaint themselves with the latest products of chemical laboratory and the newest wonders in surgical appliances. It is not an exhibition of the general public, and the few visitors from outside the medical profession come away with the feeling that it is just as well that prospective patients do not see the array of glittering instruments which adorn some of the stands.

RE EDUCATING THE EAR.  
The use of wireless telephony for the relief of deafness was demonstrated to aural surgeons. In people hard of hearing one ear is usually worse than the other, and the whole of the work falling on the better ear strains it and causes further deterioration. This is particularly the case in progressively increasing deafness.

In the work of "re educating" the ear in which the deafness is more pronounced, auralists have depended hitherto on an instrument making simple noises, but wireless telephony has now been enlisted in the service of the specialist. The head-piece of an ordinary receiving set is connected to the dull ear, and in this way it is stimulated by the human voice without any strain being imposed on the other ear. The apparatus is exhibited by Mr. W. H. Pottier, 11, Victoria-street, S.W.

Neat portable apparatus for assisting the deaf is shown by other firms. There are sets which can be carried in a vanity bag, slipped into the waistcoat pocket, or hidden from sight under the tie. One Peer regularly follows the debates in the House of Lords by means of a table outfit such as is recommended for deaf bridge players.

Doctors were much interested in the Static-Wave Device of Messrs. T. Clarke and Son, Marylebone-lane, W., for regularizing the beat of the heart if it should be either too fast or too slow. The patient sits on an insulated chair connected with an electrical machine from which a current passes into his body.

There is a revolving ball which can be turned to any number of revolutions a minute, and every time this passes a fixed ball the electricity is discharged from the body, relaxing all the muscles. If the heart should beat naturally at 74 per minute but is beating at 80, the ball is timed to make 74 revolutions, and thus the heart is brought back to its normal rhythm.

The number of vaccines increases. Nowadays one can be vaccinated against whooping cough, rheumatism, a cold in the head, or influenza. Non-toxic vaccines, which are the latest product of the laboratory, have the great advantage of not producing any reaction in the patient. These Daccol vaccines are shown by the Drug and Chemical Corporation, Lower Kensington-lane, S.E.

## HONGKONG TIDES.

The tide-table given below has been compiled at the National Almanac Office in London from the results of the analysis of observations taken by means of an automatic tide-recording machine in the water police basin at Tsim Sha Tsui during the years 1905-9.

The zero of the table corresponds with the zero of the sounding in the Admiralty Chart, which has been found to be 4 feet below mean sea-level.

To obtain the depth of water on the tide gauge at the Victoria Naval Yard add 3 feet 4 inches, and on the gauge at Lamont Dock, Aberdeen, add 10 feet 4 inches to the height given in the table.

## ADREFT IN THE ICE.

SCHOONER BEING CARRIED  
TOWARDS THE POLE.

Mr. Vilhelm Stefansson, the Canadian Arctic explorer, now in New York, has heard that the schooner "Teddy Bear," which he sent from Nome, Alaska, a month ago to take supplies to his expedition on Wrangell Island (off the north-east coast of Siberia), is caught in the ice off the Siberian coast and is being carried away to the North West.

The party at Wrangell Island was despatched by Mr. Stefansson at his own expense to claim the island for the British Empire. He is not concerned as to their safety since he says that they are supplied with ammunition and can shoot enough food to keep alive.

## CANTON NEWS.

## GOVERNMENT'S FINANCIAL WORRIES.

Canton, November 8.

Chung San-nam, the Chief of the  
Finance Department, has received  
information from his representative  
in Shanghai stating that Sun has  
instructed C. C. Wu to protest against  
the foreign loans. Official circles feel  
that if there is further delay the loan  
might fall through. As funds are  
urgently needed for the Fokien Ex-  
pedition Chung has ordered the dis-  
trict magistrates to remit revenue  
due. The biggest districts have each  
to remit \$30,000 immediately; the  
others \$20,000 and the very small  
districts \$10,000. All monopoly con-  
tracts have to pay one month's taxes  
in advance. There is a considerable  
amount deposited with the Kwang  
tung Courts in connection with  
litigation not yet concluded. General  
Chen Ching-ming has asked for the  
temporary use of the funds and  
\$60,000 was remitted to the Kwang-  
tung Provincial Bank yesterday.

The Canton Mint has suspended  
operations owing to the difficulty in  
purchasing silver. This is due to the  
high premium on Hongkong notes  
which have to be paid for the silver.  
The cessation of minting has caused  
further depression in the money  
market and to-day the Provincial  
notes are only nominally quoted at  
60 per cent, with very few buyers.

## SATURDAY'S "POPPY DRIVE"

A distributing base in connection  
with the Armistice Day "Poppy  
Drive" is to be established at  
Volunteer Headquarters where the  
members of the organizing committee  
will be busy all day to-morrow  
arranging the final details of the  
campaign. The telephone number is  
Central 240 and anybody who wants  
assistance or information in con-  
nection with the "Drive" is requested  
to ring up and ask about it.

## KOWLOON DANCES

The "Empress of Canada's" jazz  
band is to play at the special dance  
which is to take place at the Kowloon  
Theatre this evening. The first fancy  
dress dance of the season is  
announced for next Tuesday,  
November 14.

## HOW TO KEEP WELL IN WINTER.

Do not let your blood get thin this  
winter. For people who have a tendency  
to ward anemias, or bloodlessness, winter  
is a trying season.

As soon as you notice the tired feeling,  
lack of appetite and shortness of breath  
give warning symptoms of this blood  
take a short treatment with Dr.  
Williams' pink pills. Do not wait until  
the color has entirely left your cheeks,  
until your lips are white, your eyes dull  
and your ears like mother of pearl. It is  
so much easier to correct thinness of the  
blood in the earlier stages than later.  
Dr. Williams' pink pills build up the  
blood and strengthen the nerves. In  
this way the general health is improved,  
the appetite increases, the digestion is  
strengthened, and new ambition and  
energy are developed. Work becomes  
easier because it does not cause ex-  
haustion.

Keep your system at its highest effi-  
ciency with Dr. Williams' pink pills. The  
great blood builder and nerve tonic.  
Your own druggist can supply you, or  
you can obtain the pills direct from the  
Dr. Williams' Medicine Co., 60 South-  
eastern Road, Shanghai, one bottle for \$1.90; six  
for \$9.50—post free. An instructive  
booklet "Blood and Health" will be  
sent to you free in response to a postcard  
request directed to the above address.
